GEA Farm Technologies — The right choice.

# Reliable and adjustable hinge systems

## Extremely Durable Gate

- High tensile strength galvanized tubing
- 2" square tubing for the ends
- 1½" or 1⅝" high tensile strength galvanized tube for horizontal rails
- Custom built to fit opening

*Extremely durable gate.*

## Versatile Hinge System

- Rugged 1" x 6" forged female hinge
- Heavy-duty 1" male hinge pin
- Adjustable hinges for precise leveling
- Hinge bushing welded into vertical square tube

*Versatile hinge system.*

## Pipe Clamp Hinges

- Easy installation
- Adjustable
- Fits 2¾", 2⅞", 3½", 4", 4½", and 5½" OD pipe

*Pipe clamp hinge.*

## Weld Stub

- Weld to steel post
- Economical mounting system

*Weld stub.*

## Multi-Fit Hinge

- Bolt to wood or concrete
- Weld to steel post or pipe
- Separate hinge for top and bottom

*Multi-fit hinge.*

## Strap Hinge

- Bolt to wood or concrete
- Weld to steel post or pipe
- One piece hinge

*Strap hinge.*

# Well built, unique and user friendly latches

## Rugged Latch Stub

- Stub is inserted into square tube
- Stub is welded on the back side of square tube

*Rugged latch stub.*

## Double Auto Latch

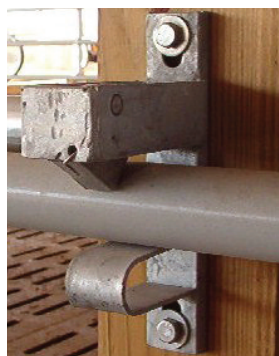

- Heavy-duty
- Solid cast blocks
- Stainless steel springs
- Will bolt, weld or clamp

*Double auto latch.*

## Single Auto Latch

- 1.9 front latch
- Left and right single latches

*Single auto latch.*

## Chain Latches

- Simple, effective design
- Easy to hook and unhook
- Can be ordered with the gate or added at a later time

*Chain latch.*

## Rigid Center Latch

- Latch two gates together
- Solid steel latch pin

*Rigid center latch.*

## Standard Manpass

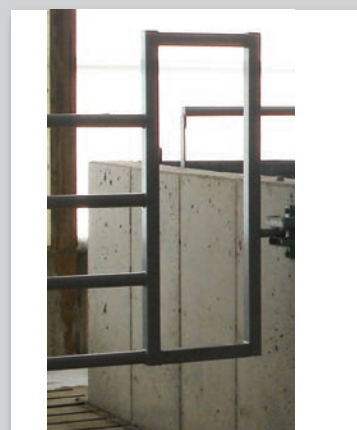

- Same height as the gate

*Standard manpass.*

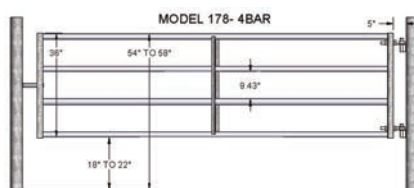

## Tall Manpass

- Easy access
- Available on hinge end or latch end

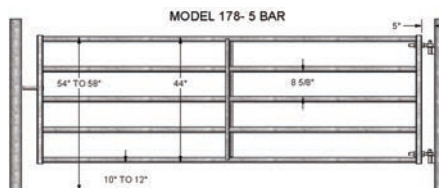

*Tall manpass.*

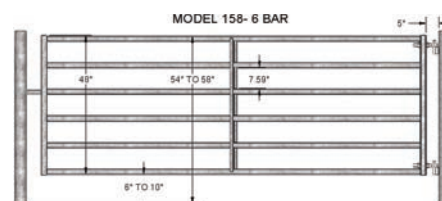

## Gate options

*4 bar gate.*

*5 bar gate.*

*6 bar gate.*

# Additional options:

## Counter Balance Gate

- Excellent for cross over
- Swings upward away from cow traffic
- Auto latch for closed position

*Counter balance gate.*

## Bifold Gate

- Designed to close off two openings with the same gate
- Latches rigid in the longest position
- Folding gate latches to the base gate in the shortest position

*Bifold gate.*

## Portable Gate Mounting System

- Mounts to any freestall loop
- Can be moved from one loop to another to change group size
- Rugged design

*Portable gate mounting system.*

## Super Panel

- Custom built fence panels
- Available in 6 bar, 5 bar and 4 bar
- Rugged construction
- Custom built to fit
- Clamp on, bolt on or weld on brackets

*Super panel.*

## Gutter Cover Gate

- Excellent for covering open manure slots with one gate
- Available in one sided and two sided covers
- Covers bolt onto standard 5 bar gates

*Gutter cover gate.*
